

# [HYPOTHESIS]

THE WORLD ISN'T FOCUSED  
ON YOUR LABORATORY'S PROCESS.  
BUT IT'S DESPERATELY WAITING  
TO SEE YOUR RESULTS.

Disease. Hunger. Pollution. Rising healthcare costs. Those are just a few of the enormous challenges the world faces today and in the immediate future. While scientists work to create a better tomorrow, Waters is helping to speed scientific progress by delivering breakthrough technologies, powerful analytical software and unparalleled expertise. From pharmaceutical companies to environmental, food safety or government organizations, Waters believes every laboratory has the opportunity to give the world the results it's waiting to see. And to fulfill the infinite potential of science itself. To learn more, visit [www.waters.com/b1](http://www.waters.com/b1).
